CUDA®
AQUEOUS PARTS WASHERS

OVER 40 REASONS

TO CHOOSE CUDA PARTS WASHERS

1. SMALL FOOTPRINT: Less shop space used

2. LARGE WHEELS WITH AXLES: Easy to move about and durable

3. 1.5-INCH DRAIN: Permits sludge to exit when cleaning

4. SLOPED SUMP BOTTOM: Facilitates quick draining of wastewater

5. LARGE REMOVAL ACCESS COVERS: Unobstructed access for easy cleaning

6. PATENTED 'NECK DOWN' DESIGN: Filters debris from washing solution

7. REMOVAL DEBRIS SCREEN: Easy recovery of small parts that might accidentally fall from the wash area

8. ROLL-IN DOOR DESIGN: Saves space and doesn't drip water onto floor or feet when opening; permits easy access when loading parts; no door sagging

9. MECHANICAL DOOR SEAL: Specially designed to keep heat and water inside the wash chamber; doesn't sag or droop

10. SIMPLE CONTROL PANEL: Easy to understand and operate; located at eye level

11. VERTICAL SHAFT MOTOR AND PUMP: No cavitation; positive flow; easy to access and work on if repairs are needed

12. EASY ACCESS ELECTRICAL BOX: Time savings when servicing or installing the equipment

13. POWDER COAT & TEXTURED PAINT: Durable and easy to clean

14. PLUG-AND-PLAY OPTION READY: Options not originally sold can be installed later in the field as an upgrade

15. SAFETY DOOR CUT-OFF SWITCH: Protects operator by stopping all wash action immediately when door is opened

16. ADJUSTABLE DOOR: Door can be adjusted to compensate for normal usage

17. RETRACTABLE INTERMEDIATE SPRAY BAR: Permits operator to clean smaller parts and use a spray arm double basket option

18. "C" SPRAY BAR CONFIGURATION: 360-degree wash coverage for cleaner parts

19. LARGE STEAM VENT: Allows parts to "flash dry" to avoid rusting

20. LOW-WATER SHUT-OFF: Prevents damage to heating element due to low water level

21. LOW-WATER WARNING LIGHT: Alerts operator when water level has dropped too low

22. 12-HOUR HEATER TIMER: Automatic shut-off to protect parts washer against operator neglect; also promotes safety

23. 1-HOUR WASH TIMER: Permits operator to increase wash time, if needed, but not abuse

24. 30-MINUTE OIL SKIMMER TIMER: Automatically turns off oil skimmer when it is no longer needed; saves energy

25. TURNTABLE ON/OFF SWITCH: Permits more detailed washing

26. REMOVABLE PARTS TREE: Permits operator to hang parts from the tree for even more effective cleaning

27. REMOVABLE CONTAINMENT RING: Keeps parts from sliding off of turntable

28. STAINLESS STEEL OIL SKIMMER: Extends the life of the wash water by removing oil from the cleaning solution

29. CORPORATE SUPPORT: Distributors and end-users can purchase and operate equipment with confidence that strict manufacturing standards were adhered to and service support will be there for the long term

30. TOP BRAND COMPONENTS: Proven dependability; peace of mind

31. ENVIRONMENTALLY FRIENDLY AND SOLVENT FREE: Operator is not exposed to toxic fumes nor is skin exposed to hazardous solvents

32. CERTIFIED TO MEET UL AND CSA STANDARDS: Meets federal electrical standards for operator assurance and owner liability protection

33. CHAIN-DRIVE TURNTABLE: Positive and dependable drive system with slip pulley design protects the motor in the event of jammed parts

34. 12-TO-14 GAUGE STEEL CABINET: Durable, dependable, long lasting

35. MACHINED SWIVEL INTERMEDIATE SPRAY BAR: Swivel is machined to tight tolerances to prevent grit and corrosion from damaging the swivel

36. STAINLESS STEEL TURNTABLE HUB: Handles side loading and prevents bearings from freezing up

37. LOCKING DOOR LATCH LEVER: Positive lock prevents door from opening on its own while in wash mode

38. USER FRIENDLY: Simple as a dishwasher, operation easy to understand

39. FULLY AUTOMATED: Saves time, money and permits the operator to perform revenue-producing tasks while parts are being washed

40. MARKETED THROUGH CUDA DISTRIBUTORS: Your equipment is backed by experts in the field because they devote 100% of their time to solving cleaning needs and challenges

41. BACKED BY A MILLION-DOLLAR LIABILITY INSURANCE: Protects the customer, distributor and manufacturer in case of an accident

42. ONE-YEAR PARTS WARRANTY: Replacement parts are free for the first year as long as they did not fail due to neglect or abuse

43. UP TO ONE-YEAR LABOR WARRANTY: 90-day labor warranty policy is automatically extended to one-year when end-user uses Cuda detergents exclusively

44. KNOWLEDGEABLE DISTRIBUTOR NETWORK: Cuda distributors know the ins and outs of the parts washer business and offer cleaning solutions
